

## How do I add/edit random block questions?

### Add/Edit Random Block

Random Blocks enable the instructor to use a random selection of questions from a pool. Be aware that it is not possible to add a Random Block of questions from another test or survey. A Random Block is a set of questions retrieved from a question pool. Questions are randomly retrieved from a selected question pool based on the search criteria for the type of question and the number of questions available in the selected pool. To ensure a random set of questions is retrieved, the number of questions to import must be smaller than the number of questions available in the pool or question type.

1. Go to **Course Tools > Test, Surveys, and Pools**
2. Select **Edit** from a test's action bar .

3. In the **Test Canvas** page, select **Create Random Block** from the **Reuse Question** dropdown list.

4. In the **Add/Edit Random Block** page, select the pool to draw the group of questions.

5. In the **Criteria** section, choose **Question Types**. **Number of questions to import** and determine the **Points per question**. If **All** is selected no other options can be selected. If **All** is not selected one or more options may be chosen.

2. Criteria	
Question Types	<input checked="" type="checkbox"/> All (17) <input type="checkbox"/> True/False (1) <input type="checkbox"/> Multiple Choice (1) <input type="checkbox"/> Matching (1) <input type="checkbox"/> Multiple Answer (1) <input type="checkbox"/> Ordering (1) <input type="checkbox"/> Fill in the Blank (1) <input type="checkbox"/> Essay (1) <input type="checkbox"/> Calculated Formula (1) <input type="checkbox"/> Calculated Numeric (1) <input type="checkbox"/> File Response (1) <input type="checkbox"/> Hot Spot (1) <input type="checkbox"/> Fill in Multiple Blanks (1) <input type="checkbox"/> Jumbled Sentence (1) <input type="checkbox"/> Opinion Scale/Likert (1) <input type="checkbox"/> Short Answer (1) <input type="checkbox"/> Either/Or (1) <input type="checkbox"/> Quiz Bowl (1)
Number of questions to import	<input type="text" value="1"/>
Points per question	<input type="text" value="10"/>

6. Click **Import**.
