

How do I create quiz bowl questions?

Quiz Bowl Questions

This type of questions is a way to add fun and creativity to tests, such as self assessments or in-class contests. The user is shown the answer and responds by entering the correct question into a text box. An answer must include a phrase and a question word, such as whom, what, or where, to be marked as correct. For example, the question may be "The person who invented the cotton gin", with the answer being "Who is Eli Whitney?" Partial credit may be given if the question word is not included in the answer.

2. Select **Quiz Bowl** from the **Create Question** drop-down list.
