

How do I manage the views of the course menu?

Students will see the "List View" or "Folder View" link if the instructor enables the choice.

1. Go to **Control Panel > Customization > Style**
2. Go to section 2, **Course Menu Display**
3. Select **Permit Both Views** if you want students to be able to experience both the "**Folder View**" and "**List View**" of the course menu
4. Click the **Submit** button

2. Course Menu Display

Choose the default view of the Course Menu.
