

How do I modify the number of rows viewed?

Edit Rows Displayed Button

In Blackboard 9, you have the control of the number of rows that are displayed on the **Grade Center** page. You may have up to 50 rows displayed on one page.

1. Click the **Edit Rows Displayed** button at the bottom of the **Grade Center** page.

2. Enter the value in the box and click **Go**.

A form element with a light blue border. It contains the text 'Minimum Rows Displayed (min:5, max:50):' followed by a text input box containing the number '30'. To the right of the input box is a blue 'Go' button with a small 'x' icon in its top right corner. A red arrow points to the 'Go' button.
